

# Experience the entire Black Forest holiday region at an **affordable price!**

## The versatile SchwarzwaldCard

The SchwarzwaldCard is your personal key to discovering the entire array of adventure in the Black Forest at a very affordable price. The card provides you with free entry to over 135 of the most exciting attractions. Take advantage of these benefits and enjoy the Black Forest.

## When is the card valid?

The card is valid on three freely selectable core days within the season from 1 April 2017 to 31 March 2018. Beyond these core days, however, it's also possible to visit numerous attractions once, with approx. 50 bonus partners.

These attractions can be visited

one time on days other than the three core days of validity within the season.

## Please note the following information regarding the services for the attractions:

- SchwarzwaldCard Europa-Park provides one free admission Germany's largest recreational park within the three core days selected. That means it can only be used one time on the three core days.

- The Segway Tour (no.13), Adrenalinbecker (no. 65), Kanutour (no. 79), Spaßpark Hochschwarzwald (no. 88), Waldkurbad am Möslepark (no. 110) and the culinary specials (no. 138-143) can be visited one time only.
- Vita Classica Therme (no. 101) offers two one-day passes to the thermal bath and sauna paradise. With SchwarzwaldCard Familie, max. 3 children (aged 0-17) receive free entry. Each additional child (up to 15) costs €12.20 / €18.40.
- **For winter sport enthusiasts** the SchwarzwaldCard becomes a free one-day ski pass for Belchen-Bahn (no. 130), Liftverbund Feldberg (no. 131), Skilift Stollenbach (no. 134) or Skizentrum Muggenbunn (no. 137)

## If Max can't go, then Moritz

**will!** The SchwarzwaldCard is transferable from one usage day to another. But not within the same usage day.

## Family friendly!

Schwarzwald FamilienCard is valid for 2 adults and 3 children (up to 17). However, only one card is issued, which means the family can only use the card together and no individual cards are issued for family members.

## Hours

Please observe the respective business hours when making plans. Changes (to the extent known) will be announced on the Internet site [www.schwarzwaldcard.info](http://www.schwarzwaldcard.info). Please check information for recent changes prior to using your card.

## What are the prices?

SchwarzwaldCard is free for children (up to 3), and costs

- Children (4-11) €29.00
- Adults (12 and older) €39.50
- Families (2 adults + 3 kids children up to 17), €119

## SchwarzwaldCard inkl. 1 Tag

Europa-Park is also free for children (up to 3), and costs

- Children (4-11) €57.00
- Adults (12 and older) €68.50
- Families (2 adults + 3 kids up to 17) €238

Both cards have three core validity days throughout their entire period, yet can also be used with around 50 bonus partners outside of the three core days.

SchwarzwaldCard partners are sub-divided into the following categories and highlighted using colour on the map:

The companies and facilities participating in the SchwarzwaldCard are sub-divided into the following categories:

- Mines, museums & city tours
- Leisure, nature & sport
- Swimming and thermal springs
- Mountain railways and ski lifts
- Culinary specials

Please observe our General Terms and Conditions under [www.schwarzwald-tourismus.info](http://www.schwarzwald-tourismus.info)

Prices: Normal price for 1 adult without SchwarzwaldCard.

= Bonuspartner: Attractions can be visited 1x each, even outside of the 3 valid days.

Partner no.: 12, 67, 78,109, 129, 131, 137-142 can only be visited once!

## The SchwarzwaldCard is a real money-saver!

You can choose how you save! Enjoy new highlights again and again. **For the three core valid days can be distributed throughout the entire season, or all days of your holiday.** And you can pack as many experiences into each days as you like. Relax and save.

If you'd like your family to have great experiences but without the stress, options include spending one of your days at Europa Park, which features more than 100 attractions and spectacular shows. On another of the three core days, you can spend the entire day skiing with Liftverbund Feldberg, and then relax your muscles at the Balinea Thermen spas in Bad Bellingen. And since the Black Forest is also the holiday region with the highest density of spas, perhaps you'd like to spend the third core day at another one of our spas, such as Vita Classica in Bad Krozingen with its large sauna landscape.

A relaxed adventure holiday can be really nice – yet it can burden the family budget at nearly 490 euros. It's another story with SchwarzwaldCard Familie. It only costs 238 euros! With it, two adults and three children up to 17 receive free entry!

**That means you'll have saved some 250 euros.** But there's more: Between, before or after the core days, you can make further savings throughout the entire validity period at each of the approximately 50 bonus partners.

**That will suffice for a second holiday. Or for several weekend excursions in the region.**

You can also obtain similar deals without Europa Park or as a single traveller - simply add up the prices in the tables and compare them to what they will be after purchasing the SchwarzwaldCard. That means the Black Forest is easy to explore at an affordable price!

## SchwarzwaldCard General Terms and Conditions

### 1. Preamble

Schwarzwald Tourismus GmbH (hereinafter "STG") offers the SchwarzwaldCard (hereinafter "SWC"). With the SWC, you discover the full range of diverse experiences in the Black Forest. The SWC is available at an affordable price and provides holders with free access to more than 135 of the top attractions among our service partners throughout the Black Forest. This special program includes culinary specials, guided tours, sports activities, wellness specials, and much more. STG exclusively has the role of intermediary for third-party services. It facilitates the opportunity to use the services that become accessible with the SWC. When a service is used, a contract is established exclusively between the customer and the respective third-party service provider and/or service partner (hereinafter "SP"). Thus, the following GTCs apply exclusively to STG's mediation and therefore have no influence on the terms and conditions put forward by the respective third-party service provider. To that end please refer to the terms and conditions of the respective third-party service provider as applies.

### 2. Prices / Payment terms / Contract conclusion

The prices we indicate are final prices, including value added tax. The contract language is German.

#### Purchasing in shops

You can purchase the SWC directly from us or from participating partner businesses. You'll find a list of sales point at <http://www.schwarzwald-tourismus.info>. You'll need to ask the respective provider about payment terms. You'll receive a plastic card with SchwarzwaldCard printed on it, as well as a machine-readable QR-Code.

#### Purchase via our online shop (Print@Home-Ticket)

You also have the option to purchase a print version of the SchwarzwaldCard via our online shop. This is called a Print@Home-Ticket. The ticket has a machine-readable QR code and information about the booker's name. This ticket is only valid in combination with the ID named during the booking process. You'll need to print out the ticket on a DIN A4 sheet of paper in a manner that is easy to read and then present it to an SP. The ticket can be used for entry. It can also be exchanged for a plastic card when used at some of the participating service partners. You'll find a list of the service partners offering the option of exchange for a plastic card here <http://www.schwarzwald-tourismus.info>. The SWC will only be transferable to another user following exchange for a plastic card - with the exception the person who is named on the ticket. The booking process in our online shop encompasses several steps. The first step is to select the SWC option you'd like to purchase by clicking on it, at which point it will be added to the shopping basket. You can continue the booking process immediately by clicking on "check out" button or continue placing items in the shopping basket by clicking on further options. The booking process requires name, address, e-mail address, and payment type. If a personal ID, a foreign ID, or a credit card is being used for identification, then the date of birth and the credit card's expiration date need to be indicated. If a booking names a third party, then that third party's name and address need to be named in the booking process. The third party will also have to be identified. In such case, the person placing the booking is closing the contract as a representative of the third party and holds liability as co-debtor for the fee owed by the third party. In the following step, the person placing the booking must select payment type. After selecting and entering the requisite data, the full order is displayed. The order can be reviewed and changes or corrections can be made as needed. By clicking on the button "make binding booking," you are submitting a binding offer to purchase the service/s.

Throughout the entire booking process, you'll have the option to correct information entered by clicking on your browser's "back" button and making the corresponding modifications. You can cancel the entire booking process at any time by closing your browser window.

Following the booking process, you'll receive an e-mail with the Print@Home-Ticket as a PDF attachment to print out at home, or you can generate the Print@Home-Ticket directly and print it out directly. The booking confirmation will be forwarded to you via e-mail along with the GTCs and the online ticket. When purchasing the SWC remotely, you have the payment options of PayPal, credit card, and Sofort immediate bank transfer.

### 3. Service description / Content / Disruptions / Exclusion / Exceptions

We provide a selection from among the wide range of services offered by recreation providers in the Black Forest, and present these options on our website. Our service consists of intermediation for these offers. All service providers have entered the obligation of providing SWC cardholders with the services indicated as their SWC services in the respective season during standard business hours and subject to their general terms and conditions.

The SWC card provides you with multiple free entry to the attractions and facilities indicated during your card's validity period subject to the specific respective terms and conditions of use. Please refer to the separate terms and conditions of use for the attractions and facilities.

Deviations may especially occur with regard to business hours as well as circumstances such as weather and season.

Young children under the age of four can come along to attractions free of charge. This does not apply for the spa Vita Classica. The service partner Vita Classica generally has a charge for children. When using this service, a maximum of three children aged 0-15 and two adults can use the Vita Classica service for the SWC free of charge. An entry price will apply for each additional child.

Changes or disruptions in the scope of service will be immediately be published on the Internet after we gain knowledge of them. SWC cardholders are obliged to inform themselves of any potential changes in advance via the Internet.

We disclaim all liability for service disruptions among contact partners. Examples here include travel costs, loss holiday enjoyment, etc.

### 4. Terms and Conditions of Use / Validity / Transferability

The SWC is valid within one season limited for twelve months (1 April to 31 March of the following year). The season during which the service partners' services can be used is named in the informational materials. We provide these informational materials in German, English, and French. However, these informational materials are limited to the recreational services being offered. The SWC loses its validity once the season ends. The SWC is valid on three days that can be chosen freely within the respective season. Regardless of the time of day, a usage day begins at the point in time of entry into the first partner attraction and ends on the final usage day at midnight. For unused days, there is no right to reimbursement or compensation. Unused days will not be transferred to the following season.

Numerous select attractions marked as "bonus partners" in the informational material can be visited one time outside of these three validity days as well. Each SWC use triggers a temporary block such that a released service may indeed be used multiple times, yet not until a period of 8 hours has passed. The SWC that includes Europa Park provides one-time free admission to Europa Park on one of the three validity days. That means Europa Park cannot be visited on multiple days, nor twice on one day.

#### Transferability / Credentials

The SWC can be transferred to another person from one usage day to the another. The card cannot be transferred to another person within one usage day. The Print@Home-Ticket is not transferable, yet can be exchanged for a plastic card upon first use of the service at one of the service partners participating in the plastic card exchange option. When using a Print@HomeTicket, the ID named during the booking process will need to be presented as credentials. The name on the ID must be the same as the user entered on the ticket.

### 5. Right to cancellation upon purchase of a Print@Home-Tickets / Notice regarding cancellation

#### Notice regarding cancellation

##### Cancellation right

You have the right to cancel this contract within 14 days without indicating the grounds. The right to cancellation applies for 14 days starting from the day of contract conclusion. To exercise this right, you'll need to inform of your decision to cancel this contract by sending an unambiguous declaration to Schwarzwald Tourismus GmbH E-Mail: [info@schwarzwald-tourismus.info](mailto:info@schwarzwald-tourismus.info) Heinrich- von-Stephan- Str. 8b Telephone: +49 (0) 7618964675 79100 Freiburg Fax: +49 (0) 7618964670

(e.g. a letter sent via mail, fax, or e-mail). You can use the enclosed sample cancellation form to that end, but use of this form is not a requirement. To comply with the cancellation period, it will suffice to send out the notification of exercising the cancellation right prior to the end of the cancellation period.

#### Consequences of cancellation

If you cancel this contract, we will return to you all payments we have received from you, including delivery costs (with the exception of additional costs resulting for your use of a delivery form other than the economical standard delivery that we offer) without delay and no later than within 14 days starting from the day on which the notification of cancellation of this contract arrives to us. We will use the same payment method you used for the original transaction, unless another method is expressly agreed upon with you; under no circumstances will any fees be charged for payment return. If you have requested that services begin during the cancellation period, then you'll have to pay us a reasonable fee corresponding to the portion of the services already provided up to the point in time at which you informed us of exercising of cancellation compared to the total scope of the services laid out in the contract.
